## About Opatija

Opatija is a city with a rich history and culture, combines style and amazing Adriatic Sea views. Built mainly at the turn of the 20th century, Opatija has remained in complete harmony with nature right up until the present day. Thanks to its mild climate and prime location, the city quickly became a favorite place for the elite, especially for Austro-Hungarian nobility. Franz Joseph I. was one of Opatija's most famous guests.

Well-maintained public gardens, the illuminated coastal promenade “Lungomare”, well-kept beaches and fountains provide a stunning backdrop for the villas and hotels.

Surrounded by the sea on one side and the lush plant life of nearby Učka Mountain on the other makes Opatija a desirable destination in Europe.

## Social programme

During the championship, an additional social programme will be offered. The athletes will get chance for further intercultural exchange by taking part into our social activities such as sightseeing (Opatija/Rijeka) and through parties during night.
